Call for Submissions/Nominations Green Health Care Awards

Recognizing leadership and excellence in reducing health care's environmental impact

The Ontario Hospital Association and the Canadian Coalition for Green Health Care are pleased to present the ninth annual Green Health Care Awards at HealthAchieve2009, November 16 to November 18 at the Metro Toronto Convention Centre. The Green Health Care Awards recognize leadership and excellence in reducing health care's environmental impact.

Submissions/nominations from member Ontario health service organisations are invited for the following four Green Health Care Award categories:

I. Energy Efficiency

The winner demonstrates a reduction in their environmental impact as a result of reduced energy use and/or through switching to more efficient and/or environmentally-friendly fuels or energy sources.

II. Pollution Prevention

The winner provides evidence of a significant reduction in emissions to air or water and/or a significant reduction in solid waste production and/or a reduction in the use of toxic or hazardous materials. The means of pollution prevention may include the use of a combination of processes, practices, materials, products, substances or energy that avoid the creation of pollutants and waste.

III. Overall Leadership

The winner demonstrates a significant organizational commitment to environmental sustainability and to reducing environmental impact, including evidence of progress in energy efficiency, pollution prevention and providing similar leadership within the community.

IV. Individual Leadership

The winner is nominated for an outstanding individual contribution in reducing health care's environmental impact.

Submission Deadline: August 31, 2009

NOTE: Organizations may submit for multiple Award categories.

Submission Guidelines

Energy Efficiency, Pollution Prevention, Overall Leadership Awards

Submissions are open to members of the Ontario Hospital Association. Your application must include a brief summary of your initiative(s), which demonstrates a reduction in health care's environmental impact. The following information must also be included in no more than 3 pages:
